

NOTICE OF WARD COMMITTEE MEETINGS: 2011-2016 IDP PROCESS

Cape Agulhas Municipality is in the process of developing its 3rd Generation Integrated Development Plan (IDP) which will map out the strategic objectives of the newly elected Council. Chapter 4 of the Local Government Municipal Systems Act (Act 32 of 2000) requires municipalities to incorporate local communities within their planning processes to promote participative democracy. The IDP is the strategic planning instrument of a municipality and forms the basis of a municipal budget. It is therefore crucial that local communities actively participate in the IDP process to ensure that communities' needs are being prioritized and addressed in an integrated manner.

The following schedule illustrates the ward committee meetings that will be held in the respective wards of Cape Agulhas Municipality. The purpose of these meetings will be to give feedback concerning the progress of projects that have been identified during the previous IDP process as well as to communicate the process plan of the 2011-2016 IDP/Budget process.
